### THE DINNER

Ed Ballon ('42), Jim O'Brian ('38) and Peter Bell ('49) deserve a full measure of commendation for the tremendously successful '60 dinner held on October 14 at the Royal York.

Some 150 Old Boys turned out to pay honour to Alan Ramsey who has retired from the Staff and the Secretaryship of the O.B.A. after long and most devoted service — many of them from points remote from Toronto: Montreal, Rochester, Welland, etc.

At the pre-dinner gathering an Old Boy piper, Bob Parker ('60), provided the Andrean touch, an excellent change some felt from former dinners when a school piper has been present.

The Dinner was presided over by the President and Head Table guests included J. K. Macdonald, the Headmaster and, to the delight of the assembly, Dr. Ketchum. The business of the annual meeting was disposed of as rapidly as usual — the results are included elsewhere in this issue. Ham Thorburn paid tribute to Alan Ramsey and made a presentation on behalf of the O.B.A. Two awards of a suitable Scotch nature were given to tables of the youngest and oldest O.B.'s. Chris Wansbrough ('50) then introduced Jack Wright the guest speaker and we were treated to an excellent discourse ranging from a philosophy of education to anecdotes under the heading of "Moments to Remember". He was thanked by Jack Chipman who wished for Old Kaspar, when

his work was done many years before his cottage door of sitting in the sun (with apologies to Robert Southey.)

### ROUND AND ABOUT THE SCHOOL

**Football** seems like ancient history at this point but the spirit of the School which proved itself so strong and buoyant during the Football Season, is carrying on into the hundred-and-one other activities which constitute the total life of the School. The **First Team**, in L.B.F. play lost one game — to Ridley — 28-6. They beat T.C.S. — 25-13 and U.C.C. — 20-19, Co-champs again! The **Third Team** (Hugh Warburton - Under 17), in the C.O.S.S.A. league lost only to Thornhill High School and did well against L.B.F. schools. The **Under 15 Team** (John Cottenden and the Headmaster) lost only one game in a full schedule. A second Under 15 Team had a good season too. All boys who were not members of the four football squads played **Soccer** in a **Clan League** with four scheduled matches a week. This proved very successful and the keenly-contested championship was won by the Douglas. An All-Star Team from the four Clan Teams played several matches with outside schools and did very well. To make a long hop from one season to another — at long last the **cricketers** have acquired a practice pitch with asphalt surface and nets! **Hockey** has been gathering momentum since Half-Term and the prospects seem good. **Basketball** and **Gym Teams** are hard at it and **Swimming** has begun. The **Penguin Club** has already had several successful "off-the-record" meetings with interesting guests. The Middle and Upper School have been addressed briefly by several **visitors**. B. D. Rogers, Deputy High Commissioner to the United Kingdom and father of a current Prefect, was interesting and informative. The **Debating Society** has already tested its mettle in L.B.F. debates and has done well. The **Dramatic Society** is in those desperate straits of trying to make a final choice of play for the Senior School. They will start rehearsing before Christmas. The **Camera Club** meets every Sunday evening as a

group and every odd time for work in the Dark Room. The School is practising for the **Carol Service** — yes! Chapel is a little earlier every morning so that that bit of extra time can be squeezed in! — Remember!?? The Upper School boys (having attended Stratford early in the Term) attended a performance of "King Lear" at the Crest Theatre recently and after Christmas will be visiting the Stelco plant at Hamilton and McMaster University to view the atomic reactor. The honour of being **Head Boy** for the 1960-61 academic year has been won by **A. D. B. Wood** who attained highest standing in the Departmental Examinations for Grade 13. **Bob Parker** won the Geoffrey Clarkson scholarship for admission to Trinity College. The figure of **Bill Biggar** (School Engineer) will be seen no longer 'round and about as he went his way on the multifarious maintenance and fixit jobs. Bill retired this Fall. Another person who gave much real service to the School has retired. **Mrs. Medhurst**, big-hearted but with "No nonsense mind you!" kept so many things straight both in the office and in her frequent dealings with boys — she will be missed. **Ken Ives** is going to be married during the Christmas holidays. He has a telephone in his study and is looking at cars! Well — so much for news 'round and about! Of superficial changes — there are many but the basic fabric of the School remains the same. As a matter of interest to you who like to attend **Sunday evening Chapel Service**, among many interesting Speakers during the Winter Term will be: Principal Moffatt St. A. Woodside of University College — January 15 Herbert A. Mowat, Member of the National Executive of the United Nations Association in Canada — January 29 Dr. Harold W. Vaughan, Secretary of the Board of Colleges and Secondary Schools of the United Church — February 26 Provost D. R. G. Owen of Trinity College — March 26 Another matter that may be of interest to some of you is the **L.B.F. Dance** — January 3 (Tues.) at Casa Loma.
